#### **Reasons for Allowance:**

The following is an examiner's statement of reasons for allowance: the prior art does not teach all of the limitations of the claimed invention including:

- milling the sacrificial edge taper such that the different materials mill at different rates to create a desired angle for a negative mold; and

- filling the negative mold with a magnetic material to form a final edge taper for guiding flux to a write pole near the edge taper.

Accordingly, claims 1-10 are allowed.
